

MENS SELECTION POLICY

WINSTANLEY TENNIS CLUB.

It should be noted that this policy is aimed at making the selection of the teams as easy as possible.

However, there will be cases when players have to drop out at the last minute due to emergencies or circumstances beyond their control.

This policy is for our Thursday Evening matches.

1. There will be a cascade policy where the first team captain communicates by text/telephone his selected team to the second team captain by no later than 8 p.m. on the Friday before the match.
2. The second team captain will then communicate by text/telephone, his team to the third team captain by no later than 6 p.m. on the Saturday before the match.
3. The third team captain will then communicate by telephone, his team to the fourth team captain by no later than 6 p.m. on the Sunday before the match.

It is worth noting the importance of the role of the first team captain within this policy. All teams will be waiting for the information regarding the players in that team before any further selections for the other teams can be made.

4. In the event of a player or players dropping out (due to emergency) the captain of that team must contact the captain of the team below at the earliest possible time.
5. The captain of the team below will move a person or persons from couple one up to the team that has the player shortage. There will then be a "Domino Effect" that will follow the same policy from the teams below.

There will also be a meeting between the captains at least once a month to discuss team selection and any issues that may have arisen around this.
